Fulfilment Admissions Consulting

We now work in conjunction with **Fulfilment Admissions Consulting**, a company that specializes in assisting our students with applying to our Pathway Provider Colleges and Universities. Students need to submit essays in English, prepare a resume, and pass their interview to be accepted into the courses they want to study. Fulfilment offers caring, personalized support for students applying to college or business school. Run by experienced admissions guide Eric M. Hirschfeld, Fulfilment helps students select schools, develop essay strategies, practice interviewing, and prepare resumes – anything to give them a better chance at getting in to their top choices. Visit <http://www.fulfilment.com/> to set up a free consultation.

We welcome our new intern!

She is an Economics student at a Japanese University and she has been living in the US since March 2009. She just moved to Boston from Seattle.
