Highlight of the Month

Welcoming new teachers to GEOS!!!
 Daniel | Jeanne | Alan

Daniel is a familiar face around GEOS Boston. We are now pleased to have his warm personality and experience as a teacher of IE Level 3. Welcome Daniel!

Jeanne started as a Holiday Group teacher, and she will stay with us as an instructor to the research fellows at MGH. Her kindness and experience make her a strong addition.

Alan currently teaches the Integrated Skills section of Level 6. His infectious laugh and creative teaching ideas make his class fun, interesting, and challenging. We are happy to have him on our staff!

An Unexpected Visit from Garfield!

Garfield the cat dropped by GEOS Boston to say hello to our staff and students! Everyone gathered around Garfield to get their picture taken with the famous feline. Many of the students and staff grew up reading the Garfield comic strip, so the impromptu visit was a pleasant surprise.

Regular Schedule for our Adult Program is back!

To all GEOS students: GEOS Intensive English and TOEFL preparation classes' and schedules will return to normal from August 31, 2009. All classes are now in the main classrooms in suite 338, and follow the same schedule:
